

# WORLD PREMIERE AT THE GENEVA MOTOR SHOW: SMALL SERIES CARLSSON C25

- Limited Super-GT of the small series manufacturer Carlsson
- Carlsson develops entirely own design vocabulary
- Carlsson combines top performance with drivability
- Edition includes only 25 cars and therefore ensures maximum exclusiveness

Carlsson who are approved as an automobile manufacturer by the Federal German Motor Transport Authority, for the first time presents an own developed automobile at this year's Geneva Motor Show - the Carlsson C25. The concept of this Super-GT is based on the vision of combining maximum driving performance with an entirely new design and high exclusiveness. The result is a breathtaking and beautiful sports coupé with 753 hp in a

limited edition of only 25 cars world-wide. Thereby, each automobile will be as individual as its future owner. "We exclusively make the cars to order and the delivery quantity for 2010 is already sold out", says CEO, Dipl. Ing. (FH) Markus Schuster. **With 753 hp and 1150 Newton metres in 3.7 seconds from 0 to 100 km/h.** Presentation and press conference on March 2nd 14.15 o'clock at the Carlsson booth. Hall 5, Stand 5130
