

NOVELTIES AT THE 80TH INTERNATIONAL GENEVA MOTOR SHOW 4. – 14. MARCH 2010

Geneva Motor Show 2010 / exhibition hall 5, stand 5130

Carlsson will be present once again at one of the world's most important expos for exclusive automobiles, the Geneva International Motor Show. In the Swiss diplomatic city we show you in hall 5, booth 5130, among international automobile manufacturers, our up-to-date and exclusive tuning programme for Mercedes-Benz automobiles. The highlight of the show and a world premiere will be the Carlsson C25, the first high-performance street GT designed by Carlsson engineers.

Our Top-Highlights:

- The CARLSSON C25 - limited super GT from the small series manufacturer Carlsson with 753 bhp
- CARLSSON C-TRONIC® DIESEL POWER - now also available for 280 CDI, 300 CDI, 320CDI and all 350 CDI engines
- The complete programme CARLSSON Daytime-Running-Lights in Mercedes-Benz OE quality
- Innovative wheels of the last generation
- and a lot more...

DESIGN PACKAGE FOR THE NEW S-CLASS

for vehicles from year of prod. 06/09

The RS Design Package by Carlsson ensures a brilliant appearance. With the RS type, the Carlsson look is displayed in an even more sportive and consequent manner. High-quality components either in carbon or polyurethane

and the special RS rear silencer turn your S-class into a sportive gentleman, full of muscles, well toned and always cutting a fine figure. The RS Design Package offers you the highest degree of exclusivity and uniqueness.

CARLSSON ON THE TOKIO AUTOSALON 2010

In the beginning of 2010 the Japanese importer Carlsson Japan Ltd. presented the high-lights of the Carlsson program from 15th to 17th of January on the Tokyo Autosalon to approx. 238,000 visitors
